# **.ORG DNSSEC Activity**

*June 2009*

# .ORG is Signed with DNSSEC

- » .ORG is the first open generic Top-Level Domain to successfully sign the zone
- » *Zone* signing occurred on June 2, 2009
  - This occurred without incident
  - No end user complaints to date

# .ORG is signed – *What now?*

- » Kicking off our Friends & Family Test Period
  - Domain Names
    - Manually inserted DS records in 3 test domains
      - Check them out!
        - » [www.sanxion.org](http://www.sanxion.org)
        - » [www.automagic.org](http://www.automagic.org)
        - » [www.bondis.org](http://www.bondis.org)
    - Plans to include a number of other test domains to the testing plan in the next few weeks.
    - If you have comments or want to be included in the .ORG test period contact Lauren Price at [lprice@pir.org](mailto:lprice@pir.org)
  - Full Production Readiness
    - Planned 2010 launch of DNSSEC for all registrars and registrants wanting to sign their zones

# Trust Anchor Repositories

## » ITAR

- The .ORG key was submitted to the ITAR on 6/19/09

## » DLV

- Expectation that .ORG will be imported into ISC's DLV in approximately a week after it's appearance in the ITAR.

# Continued DNSSEC Outreach

- » DNSSEC Workshop at NTEN (Nonprofit Technology Conference) to inform .ORG domain holders on the importance of DNSSEC
- » Held a DNSSEC panel the 2009 RSA conference
- » Launched DNSSEC Resources on the PIR Website (<http://pir.org/dnssecinfo>)
- » Continued blog updates on DNSSEC information and news
- » The DNSSEC Coalition continues to grow and work towards increasing the awareness & adoption of DNSSEC.

## How can you help?

- » Do you want to be a guest blogger or know of thought leaders and DNSSEC advocates that would like to guest on The .ORG Blog?
- » Do you have a domain name that you want to include in our friends & family phase?
- » Are you a registrar that wants to enter the early phase DNSSEC OT&E?

***LET US KNOW!***

## Thank You!
